## EXPERIENCE

### Fyndey Solutions, Remote — *Frontend Intern*
AUGUST 2022 - PRESENT

- My primary responsibilities during the internship is to design and develop smooth and responsive web pages and components, writing unit tests and component tests, bug fixing and improving application performance.

### GirlScript Summer of Code — *Open Source Contributor*
MARCH 2022 - MAY 2022

- 🔗Take A Break : *MERN*
  - Worked on the alert system of the website, used SweetAlert API, and fixed some bugs on the website.
- 🔗Chrome-Extension : *HTML, CSS & JavaScript*
  - I modified the HTML and CSS codes of the Quotes Extension to make an attractive and user-friendly UI.

### Peatix It Pvt Ltd, Remote — *Frontend Intern*
FEBRUARY 2022 - APRIL 2022

- My primary responsibilities during the internship were developing features to enhance the user experience, striking a balance between functional and aesthetic design and ensuring web design is optimized for smartphones.

## PROJECTS

### 🔗ExtraSpace — *ReactJS, Firebase, CSS, JSX*

- A cloud where one can create folders, upload files and links. It helps in keeping all their documents, files, and links together at one place and saves some space on their personal device.

### 🔗Portfolio Website — *HTML, CSS*

- My Personal Portfolio Website.

### 🔗Explore-Places — *ReactJS, Firebase, Google Maps, CSS*

- A web-based application where users can find places to explore or can add the places which they want others to explore.

## EDUCATION

### Bhagwan Parshuram Institute of Technology, GGSIPU, New Delhi
— *Bachelors of Technology in Computer Science Engineering*
2020 - 2024
CGPA (up to 2nd semester): 9.97

### Kendriya Vidyalaya, Andrews Ganj, New Delhi
— *Intermediate*
2017 - 2019
CBSE, Aggregate Percentage: 90

### Kendriya Vidyalaya, Andrews Ganj, New Delhi
— *Matriculation*
2015 - 2017
CBSE, CGPA: 10

## SKILLS

**Languages :**
C/C++, Java, JavaScript, TypeScript
**Web Technologies :**
HTML, CSS, ReactJs, NodeJs, Express, Tailwind, Bootstrap
**Databases and Related languages :**
MongoDb, Oracle, MQL, SQL, MySQL
**Testing :**
Jest, Postman, StoryBook
**Cloud :**
Google Cloud, Azure
**Version Control & Hosting :**
Git, Github, Netlify, Vercel, Heroku.

## ACHIEVEMENTS

- **Software Engineering Virtual Experience**🔗
  JPMorgan Chase & Co.
  Issued August 2022
- **Engineering Virtual Program**🔗
  **Goldman Sachs,** Issued Jun 2022
- **1812 CodeChef max rating.**
- **Solved 400+ Data Structures and Algorithm problems on different Coding Platforms.**

## CO-CURRICULARS

- **Member at Major League Hacking, Google Developers Group, New Delhi and Google Developer Students Club.**
- **Global Ambassador at Women in Tech.**
- **NSS Volunteer and Class Representative.**

## LANGUAGES

- English
- Hindi

## HOBBIES

- **Graphic Designing & UI Designing**
- **Playing Badminton & Chess**
